Message from Dean Rodolphe el-Khoury

Thank you for participating in the University of Miami School of Architecture's Career Fair! At our School, the Career Fair represents a critical component of our students' future successes and is part of a multi-pronged strategy for joining the classroom with the workplace. We are usually thrilled to welcome you on our Coral Gables Campus for the event. Due to COVID-19 restrictions the 2021 Career Fair will be held virtually; we look forward to hopefully seeing you in person for the 2022 edition.

The Career Fair aligns our students with internships, immersing them into real-world situations that complement their coursework with the invaluable lessons of professional experience. For graduating students, the Career Fair optimizes the transition to the profession by offering opportunities in some of the leading offices nationwide—trusted partners whose exceptional capacity to extend and intensify the learning process is sought and valued.

U-SoA's commitment to link academic excellence to professional relevance is implicit in the students' profiles featured in this booklet. They evocatively communicate the career aspirations of future professionals preparing for the next stage of their journey. The profiles also demonstrate the diversity in backgrounds, orientation, ideas and skills that characterize the student body. This diversity is in the school's DNA. It empowers our students in addressing current environmental and social challenge and in creating a more beautiful, equitable, and environmentally responsible world.

We thank you for your support in considering our students for employment and in bridging real-world practice with academia. Together, we pave the way for our future design leaders and take a valuable step in assuring their success.

U-SoA Professional Engagement

U-SoA has expanded internship programs that connect our students to professional, non-profit and governmental offices globally.

PAIR | Professional Advancement, Internship + Research

Programs to immerse students off campus within host offices as both interns and research collaborators. Our network of partner offices are committed to mentoring and collaborating on research with students.

Integrated Design and Professional Sponsored Studios

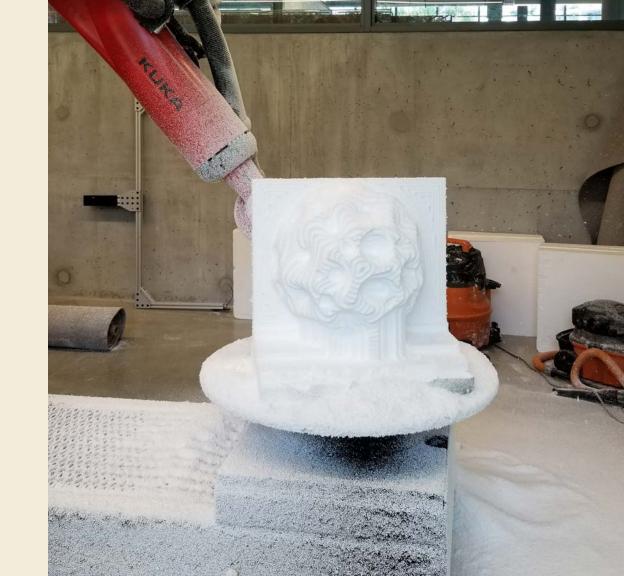

U-SoA brings professional leaders and real-world design challenges into the classroom to drive innovation and engagement among students.

Visiting Critic and Emerging Practitioner Fellowship

Visiting Critic program pairs national and international acclaimed architects with U-SoA faculty to co-teach design studios. Our Emerging Practitioner Fellowship supports up and coming professionals committed to expanding and advancing the culture of architecture and design through innovative practice or research.

Career Services

Together, University of Miami Toppel Career Center and U-SoA offer a multiprong strategy to connect and support students, alumni and employers. Students benefit from: portfolio and resume workshops, interview skills, panel discussions, skill assessments, career crawls, mentoring, shadowing and career fairs. UM is a committed partner in the students' employment goals and career building.

Abdul Allam

M.C.M. | Class of 2021 M.Arch | Class of 2019 B.Arch | Class of 2014 ab.allam@hotmail.com | (305) 927-5330 https://www.dropbox.com/s/hlolqsmbc1hf1vi/Selected%20 Projects%20%285MB%29.pdf?dl=0

Resume Highlights

Abdul has over five years of professional experience in both commercial and residential architecture, He is confident in his ability to add value to your team. Given his solid educational background with a notable drive for software design and diverse experience in both design and construction fields, he feels he is in a great position to make a significant contribution to teamwork. Abdul has strong design skills including the ability to multi-task and prioritize his workload, he is detail-oriented, and he is driven to achieve results. Abdul can think analytically, creatively, and independently.

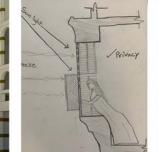

During his tenure as an Architect, he has worked on various projects from conceptual design to construction documents with a multitude of clients. Abdul has experience in high-rise, mixed-use, multi-family, and single-family. His expansive works include physical and digital models, visual representation, and final presentation. In 2018, Abdul was awarded the Excellent Design Award at the University of Miami.

The Coastal Companies | Eastham, MA | May 2020 – January 2021 Project Manager

Single + Multifamily home design and construction documents. Worked directly with clients and towns of Orleans and Chatham, managing projects design through construction with in-house framers and carpenters. Included managing budget, ordering materials and managing sub-contractors.

Patrick Ahearn Architect | Boston, MA | June 2016 – December 2019 Architectural Designer

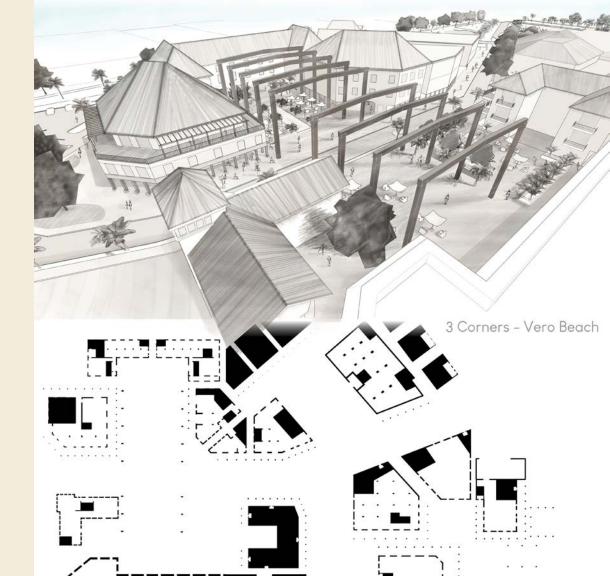

Single family + commercial design, construction and administration. Worked directly with clients and towns and historical commissions in Martha's Vineyard. Participated on two hospitality RFPs.

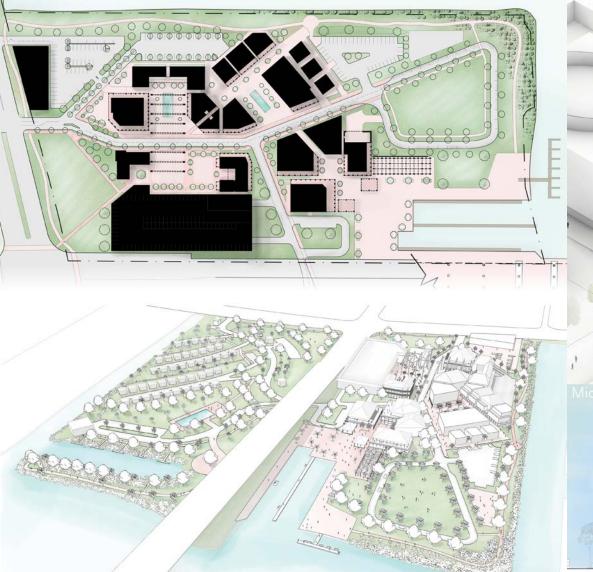

Architectural Design Inc. | Orleans, MA | May 2015 – August 2015 Summer Intern Drafting + Modeling

Technical Skills

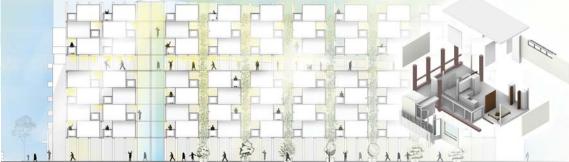

AutoCAD, Revit, Rhino, Sketchup, Adobe Suite (PS, Al, ID, AF), Grasshopper, Lumion, Enscape

Emily Camejo

M.Arch | Class of 2021 B.A. in Studio Art | Minor in Architecture The University of Virginia | Class of 2018 exc265@miami.edu

Professional Experience

Locust Projects, Miami Design District, Florida | Media Intern, June-August 2018

Photographed major events with guest artists, performances and exhibitions and edited in Photoshop for social media platform, scheduled events, membership outreach and networked with artists to raise funds and awareness

University of Virginia School of Architecture | Teaching Assistant for Lessons in Making, Charlottesville, Virginia, August-December 2016

Created lesson plans and taught a weekly discussion section where students created orthographic and axonometric drawings and models by hand, critiqued and graded student work with professor

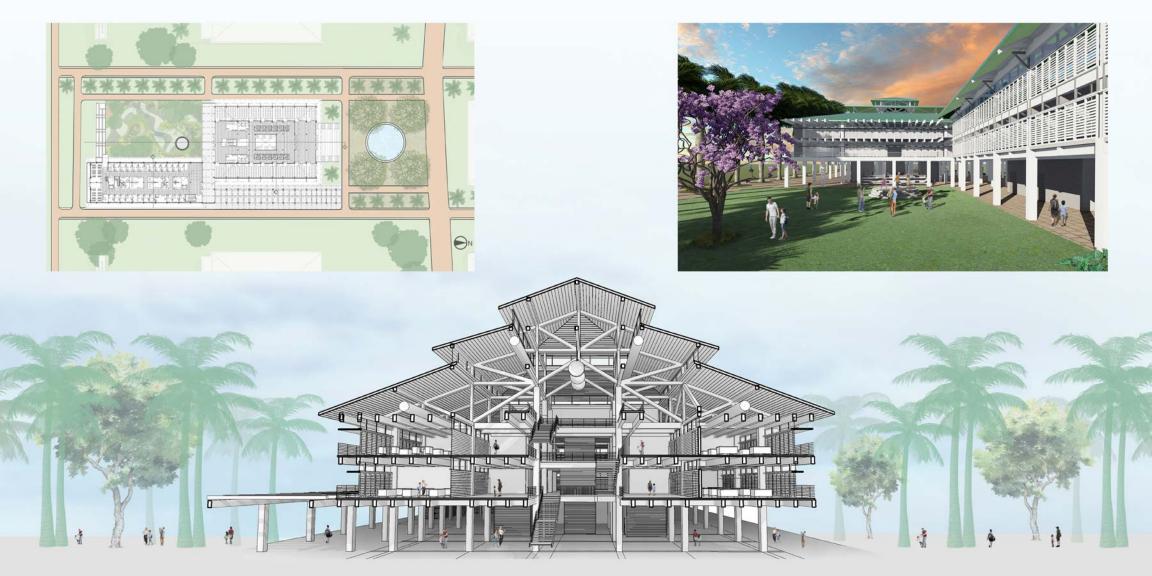

Education Intern | NSU Art Museum, Fort Lauderdale, Florida, June-August 2016

Presented guests with fully guided tours of museum exhibitions and art workshops, produced more than 50 pages of education training resources, activity guides and artists' biographies for the Padow Printmaking Exhibition, recruited summer camps to visit the museum with the sponsorship of a Wells Fargo Grant

Skills

- Technical: Adobe Acrobat, Photoshop, Illustrator, InDesign, AutoCAD, Rhinoceros 3D, V-Ray, Revit, Lumion, Microsoft Office: Word, PowerPoint, Excel
- Fabrication: 3D printing, Hand Drafting, Sketching, Painting, Collage, Digital Photography, Editing and Printing, Film Darkroom Processing
- Languages: Fluent in English and Spanish

Siying Cheng

M.Arch University of Miami | Class of 2021 B. Arch Tianjin Chengjian University, China | Class of 2019 sxc1786@miami.edu (305) 504-4714

Work Experience

The Institute of Architectural Design and Research of Taiyuan University of Technology | July 2018 - September 2018

Awards

- Gold Award | The 4th Mainland, Taiwan and Hongkong Design Invitational Exhibition, Environment & Space Category, Student Group | 12/2018
- Second Prize | 2018 China Architecture Education Award Students' Paper Competition
- Excellence Award | UIA-HYP Cup 2018 International Student Competition in Architectural Design
- Excellence Award | 2018 Guyu Cup National College Student Sustainable Architectural Design Competition
- First Prize Scholarship | Academic Year of 2014-2018, Tianjin Chengjian University
- First Prize | The 7th CAD Design Competition of Tianjin City, China | 10/2015

Skills

- Proficient with Office Software, Adobe Photoshop, Adobe Illustrator, Adobe InDesign, AutoCAD, SketchUp, Rhino and Revit
- Obtained National CAD Skill Grade 1 Certificate
- Languages: Fluently Mandarin, conversation English

Ryan Daniusis

B.Arch | Minor in Entrepreneurship Cognate in Programing, Visualization, & Design Class of 2021 | rpd53@miami.edu https://drive.google.com/drive/ folders/1BEZBN7SIDSg9JrnuBSRAxvKaqv74Bqas?usp=sharing

Arquitectonica | Student Intern | Miami, FL | 2020 - Present

Currently working at this firm while attending classes this semester. Previously worked here as part of University of Miami's Professional Advancement, Internship + Research program.

Handel Architects | Summer Intern | New York, NY | 2019

Worked on a substantial part of construction documents through completion and submission to the DOB for two buildings in Hunters Point South – A new development on the Queens waterfront.

R. Morgan Rolontz Architecture | Summer Intern | New York, NY | 2018

• Created and made red line corrections to architectural drawings for high-end residential renovations. Developed construction and timing schedules for projects; Created hardware Look-books.

Urban Umbrella | Summer Intern | New York, NY | 2017

Worked under the CEO and the lead engineer to fabricate new product, submit proposals to prospective clients, and draft site layouts that were submitted to the NYC DOB.

Handel Architects | Part-time Employee and Intern | New York, NY | 2015-2017

Researched/presented on building construction for Cornell Tech, Roosevelt Island: -World's largest "Passive House."

Skills

Daniel E. Morgan Levy

B.Arch | Minors in Computer Science and Finance Class of 2021 dem119@miami.edu

Work Experience

MALLOL Arquitectos | Panama City, Panama | Summer 2019

Architectural Intern: Worked on the Conceptual Design department of the firm. Made conceptual designs for upcoming projects using Rhino 3D and AutoCAD. Assisted in the creation of content for client presentations. Made a 3D model of a building and part of a site in downtown Panama, using Rhino 3D. Performed job site analysis including measurements, photographs, and general surveys of the site. Provided assistance on a large 3-dimensional model of downtown Panama, using Rhino 3D and ARC GIS. Provided assistance on diagrams and digital illustrations to be placed on presentations, using Adobe Illustrator.

ELE Arquitectos | Panama City, Panama | Summer 2016

 Architectural Intern: Through AutoCAD refined various architectural drawings by adding desired details such as light fixtures, ground & ceiling textures, windows. Implemented material legends, regarding material or lighting typology to be placed on file. Fixed the line weights of given floor plans utilizing the company's line weight protocol. Did research on ideas and references for upcoming projects.

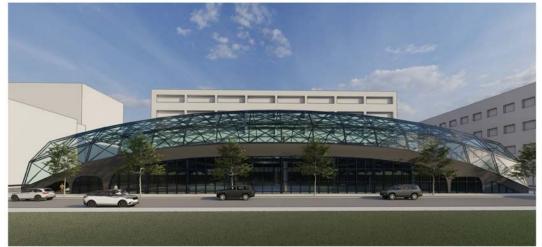

MMG Bank | Panama City, Panama | Summer 2013

 Global Banking Assistant: Used my book-keeping skills to verify that financial statements were correct, marked the mistakes. Assisted the company in the Accounting department. Used my Microsoft word skills to simplify, refine and improve old banking forms.

Technical Skills

Arch-Software: Revit, AutoCAD, Rhino 3D, Grasshopper, Fologram, Unity 2D, Blender Rendering: Lumion and V-Ray. Adobe: Photoshop, Illustrator, InDesign Other: Architectural Photography, Hand Drafting, Laser Cutting, 3D printing Microsoft: Word, Excel, and PowerPoint Languages: Spanish (Native) and English Programming Languages: Python, Java, C.

M.Arch and M.R.E.D.+U. | Class of 2021 exm1020@miami.edu

Experience

- 2017-2019 / SHAAR Group Tehran, Iran Research, Architecture, & construction consultancy
- Mar. 2017 June. 2017 / Islamic Azad University (I.A.U), South Tehran Branch Teaching Assistant for the module titled "Architectural Design I"

Academic Honor & Awards

- · Recipient of merit-based scholarship and Dean's fellowship, 2019, University of Miami.
- Winner of the "best design concept" for Kamranieh Residental Building in National Competition on Integrating Buildings with their surroundings, 15 to 17 May 2018, Tehran, Iran.
- Recipient of merit-based scholarship for two semester of undergraduate study (1st and 2nd semester 2016) from Iranian Ministry of Science, Research, and Technology.
- Winner of the "best booth design" in 3rd National University Students Architecture Competition at Tehran Urban Exhibition, 16 to 19 Nov. 2015, Tehran, Iran.
- Selected as top 1% of 2011 National University Entrance Exam (Ranked 2,435 out of 260,055) in academic stream of "Mathematics and Physics".

Publications & Conference Contributions

E. Mahiantoosi, J. Esmaeil Zade, "Typology and philosophy of Iranian contemporary housing", Paper presented at the Conference on Civil Engineering, Architecture, and Urban Planning of Islamic Countries, (15-16 May 2018) Tabriz University, Tabriz, Iran.

Skills

Competent with Microsoft Office, AutoCAD (2D & 3D), Adobe Photoshop, Rhinoceros, Figma, Illustrator

Intermediate User of Revit, Lumion, Grasshopper, InDesign, SPSS, Phyton, Aftereffect, Unity

Extracurricular

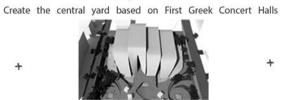

Freelance UX/ UI Designer, Voluntary work for poorly supervised (abused) children, Violin Player

Exaggerate the height of the building as an main entrance

Open the shell for creating hospitality sence and again focus on entrance

Adding pattern for better view & sunlight observation

Kerianne Matre

M.Arch | Class of 2021 / B.Arch - Minor in Sustainability Clemson Univ. | Class of 2018 kxm274@miami.edu | (732) 556-8364 https:// www.keriannematre.com

Kerianne is a graduate student in the School of Architecture at the University of Miami. She holds a B.A. from Clemson University, where she majored in architecture with a minor in sustainable leadership, and has worked as a junior healthcare designer for E4H Architecture in New York. Many of her projects address contemporary issues such as healthcare design amid natural disasters and pandemics. She is especially interested in strategies for making architecture accessible beyond the discipline.

Experience

Project Coordinator I – E4H Architecture | New York, NY | May 2018 - July 2019

- Worked with clients such as Mount Sinai Hospital, New York-Presbyterian Hospital, HealthQuest, Memorial Sloan Kettering Cancer Center
- Facilitated effective execution of project design and the delivery of construction documents
- Worked closely with PIC/PM and team members in effectively defining and meeting deadlines
- Prepared client and user group presentations to facilitate presenting design concepts and drawings
- Participated in team meetings to discuss project issues, technical issues and coordination with other disciplines
- Attended on-site visits and surveys and provided documents as appropriate
- Prepared documents through all phases of design, from Schematic Design to Construction Documents

Teachers Assistant and Research Assistant – The University of Miami | Coral Gables, FL

- Taught and lead over 30 students in Revit, Rhino and Adobe Creative Cloud tutorials
- Researched for publishing's lead by multiple professors at the University

Intern - Skanska Koch | Brooklyn, NY | May 2017 - August 2017

- Organized a design/build bridge competition between all interns
- Utilized Microsoft Excel to help engineers close the ongoing Brooklyn Bridge Rehabilitation project,
- Analyzed final quantities, reviewed original Brooklyn Bridge and current CAD shop drawings
- Prepared and reviewed documents through all phases of design, from Schematic Design to Construction Documents

Skills & Abilities

Revit 2020, Rhino 6.0, AutoCad 2020, Grasshopper, VRay, Enscape, Magic Leap & Unity, 3D Printing (Cura, Ultimaker 2), Adobe Illustrator, Adobe Photoshop, Adobe InDesign, Adobe AfterEffects, Microsoft Office, Zoom Coordination

WHY DOES A CAR PARK MAKE A GOOD FIT FOR DISASTER RELIEF?

The garage is a fully open concrete structure. At 1111 in Miami Beach, ceiling heights vary between standard parking height and double or even triple height, in order to accommodate other programs. In this case, the other programs are situated at levels 2, 3, 4, 5, 6, and 7. This parking garage is a post tension structure, and can withstand high winds. The first floor is retail and floor to ceiling measures 25 feet. In the case of extreme flooding, the implemented program would remain unharmed. I have implemented "Poss" for healthcare providers and people who have lost their homes due to the hyrricane.

ER NAIT TIME: 18 NIMUTES

Professor Allan Shulman

BAHAMAS BUTTERFLY EFFECT

Marsh Harbor located in the Bahamas was destroyed by Hurricane Doright in September 2019. The objective was to build a rehabilitation/shelter center on a particular chosen site in Marsh Harbor. We chose to design a hospital, considering my partner and 1 figured this program choice would make the most sense for the people of the Bahamas. Our project has been named the butterfly effect because of the chaos theory. A very small localized change in an overarching system can have large effects elsewhere, such as a butterfly flapping its wings can cause a typhoon across the world. It also draws a parallel between the theory of the building, and the large butterfly roof structure on each of the 4 sections of the hospital.

Olivia Schilling

B.Arch | Minors in Art & Exercise Physiology Class of 2021 ots5@miami.edu | (904) 735-7977

Career Objective

Architecture student with a special interest in rising technology and its relevance to architectural design. Driven and focused on developing new ideas and projects, as well as continuing to learn about the ad- ministrative and practical aspects of architecture. Looking forward to applying my knowledge and experience in the field and learning new techniques.

Experience

Graduate Assistant to Joel Lamere, University of Miami, 2020

- Editing and compiling student works, and setting up files for 3D printing and KUKA milling
- Designing a book of student work
- · Devising creative solutions to file setups for milling process
- Expanding 3D software knowledge

Fitness Instructor - Trufusion Coral Gables, 2018-Present

- Leading classes on a daily basis to members of all ages, while maintaining administrative roles
- Maintaining client relationships
- Programming classes daily
- Assisting in administrative tasks
- Assisting with studio renovations

Office Assistant, University of Miami Business School, 2017-2018

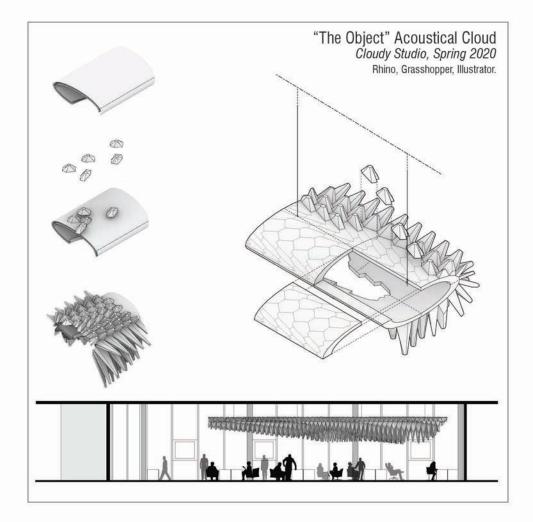

- Managing school applications and keeping all files organized, as well as managing phone lines
- Processing large amounts of paper- work
- Creating filing systems
- Organizing office projects

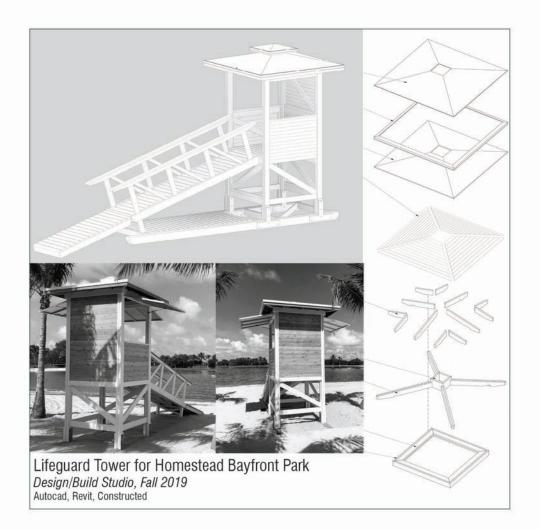

Honors

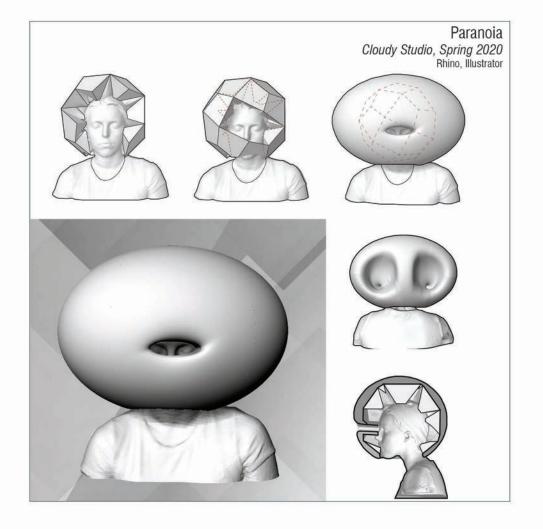

Foote Fellowship Honor Program 2020 Upper Level Design Studio Award

Skills

AutoCAD, Photoshop, Rhinoceros, Revit, Grasshopper, SketchUp, Illustrator

Yayu Yan

M.Arch Class of 2021 B.Arch | Tianjin Chengjian University, China yxy759@miami.edu (305) 905-9315

Work Experience

I spent four months as an intern in the GAD architecture company in Hangzhou, China, mainly involved in the preliminary design of the architecture and the drawing of the later construction drawings. In terms of construction drawings, I am mainly involved in drawing large-scale drawings of nodes of stairs, elevators, windows and walls.

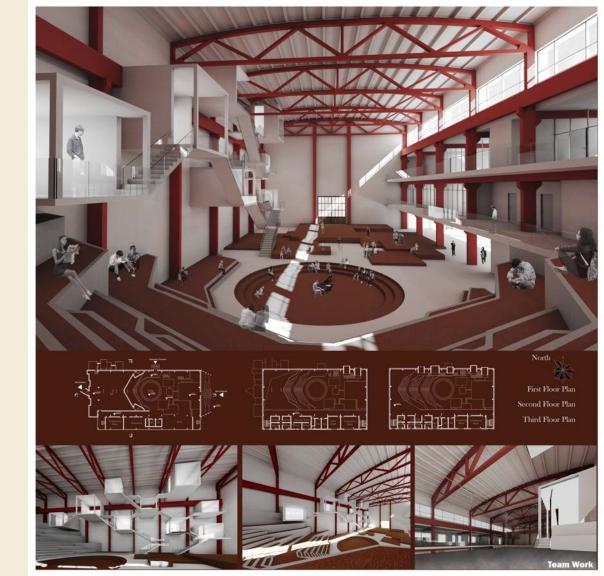

I have experience in surveying and mapping in the protection of historical architecture. I have participated in the architectural surveying and mapping work of Tianjin Liang Qichao's former residence in Professor He's studio.

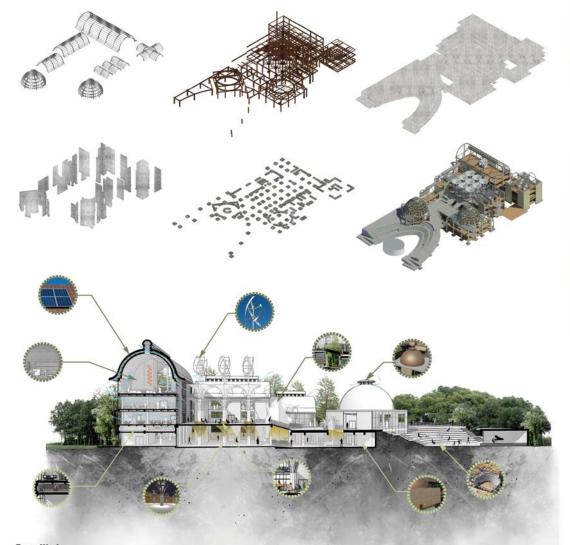

Awards

I won a second-class scholarship every year during my university. Received 11,000 scholarships at the University of Miami.

Skills

Proficient in CAD, SU, PS, AI, good at Revit, Rhino, ID and so on. In addition to these professional skills, I am also good at photography, video editing, painting and calligraphy, and can be helpful in typography.

Yemin Yan

B.Arch | Minor in Creative Writing Class of 2021 yxy490@miami.edu

Career Objective

I am a 5th-year student in the School of Architecture. I have a big passion for design. I am a big fan of unique buildings like the Dancing House in Prague. My diverse cultural background allows me to have an open mind to different voices, backgrounds and fields. Because of my objectivity and thoughtfulness I do not rely on creativity alone in my projects, the context of the site is also very important. My experiences and skills are below.

Experience

I had an internship in China in the company of Vista (HK) Electronics CO., Ltd in 2020. I worked there to help them communicate with other international firms.

Skills

Autocad, Revit, Rhino, Photoshop, Illustrator, Unity, GIS and InDesign

Languages: Fluent English, Chinese and some Spanish. Currently learning French. I have the opportunity to advance my English due to my creative writing minor.

Volunteer

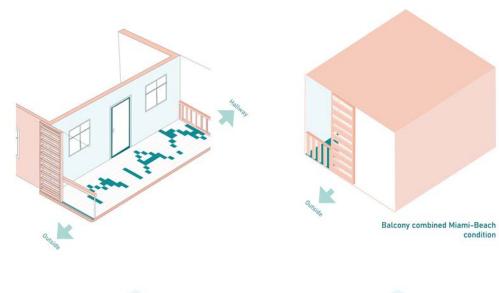

I like to volunteer. Helping people makes me happy. I volunteer weekends in the cat adoption center in PetSmart.

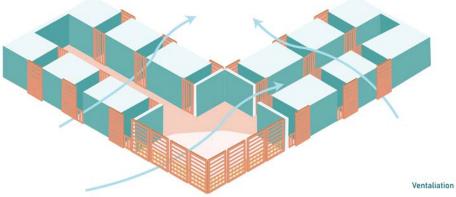

The Miami-Beach Apartment

An apartment combined local Miami-beach style with modern architecture element to resolve the energy issues. The indoor baclony helps the ventaltion and The louvers prevent the heat. The L Shape creats a garden

The studio apartment

The studio room type with kitchen living room one restroom and bedroom. The window allows the outside and inside air can be naturally flowed. The fan even increase it.

The hallway corner

Library, South Miami.

Inspiration for the building aligns with the city's weather and is designed to mimick the free form and elegance of the breezy climate in Miami. Through research using mapping software and census data, the library has been designed to accommodate the surrounding demographic and inlcudes a davcare.

Artist retreat, Tuscanny.

For this project, it is crucially important to respect and consider the existing architecture. The floor plans are spacious and open to be interpretted by the artists while containing spaces of observation. By creating floor to ceiling windows and interior and exterior balconies, the artist and visitors can connect with the art and surrounding landscape.

B.Arch | Entrepreneurship Minor French Cognate | Class of 2022 swj12@miami.edu

Career Objective

Through architecture, I seek to enhance the quality of life for people all over the world, whether it is for personal desires or by essential needs. I cherish the ability to design the place where one retreats to after a day filled with life activities, knowing that their desire for comfort is fulfilled, a place to separate work and social life from personal life or to even combine them together. I am passionate about responding to this demand for the various needs and wants, whether it is through affordable or extravagant methods.

Ferguson & Shamamian Architects, LLP New York, NY

Ferguson & Shamamian Architects is widely recognized for residential design in traditional styles, particularly those with classical origins. The firm's core practice is the design of custom residences, including city apartments, suburban houses and country estates. Mark Ferguson and Oscar Shamamian built their firm on a shared enthusiasm for traditional architecture and a desire to achieve a creative synthesis of historical style and regional character with every project. They interpret individual project needs with a strong commitment to artistic integrity, a passion for detail, the use of fine materials and exceptional workmanship.

<mark>G. P. Schafer Architect, PLLC</mark> New York, NY

At G. P. Schafer Architect, we believe that the virtues of old houses—their sense of history, their time-worn comfort, the way they sit on the land with an air of inevitability, their elegant proportions and details—can be achieved in a new house today. Our award-winning firm takes the best of traditional architecture and translates it for the kind of connected, welcoming spaces that suit modern life. We come to each of our projects with a unique understanding of a variety of architectural traditions and building contexts, along with a singular appreciation for the importance of landscape and interior decoration, all of which inform the rigorous approach we take to design and construction.

Glavé & Holmes Architecture, PC Richmond, VA

Glavé & Holmes Architecture (G&HA)is a nationally recognized architecture, interior design and planning firm located in Richmond, Virginia. The firm's regionally focused design practice has cultivated expertise in 6 areas - Cultural, Private K-12, Higher Education, Historic Preservation, Interior Design, and Urban Architecture. Our studio structure allows us to provide expertise for a diverse portfolio. The firm strives to create a context-specific design that fits seamlessly into the cultural and historical milieu of a given community, while addressing the functional needs of the inhabitants. G&HA believes that great design is contextual, timeless, and has the capacity to engage the intellect and elevate the human spirit.

HARRISON DESIGN

Atlanta - Los Angeles - Naples - New York - St. Simons - Santa Barbara - Washington, D.C.

Harrison Design is dedicated to architectural excellence and to improving communities by creating spaces that are highly functional, refined and enduring.

<mark>Historical Concepts</mark> Atlanta / New York

HISTORICAL CONCEPTS IS AN ARCHITECTURAL PARTNERSHIP established in 1982 with a focus on traditional architecture and town planning. Whether working with residential, developer, or civic clients, our guiding purpose is to create enduring beauty through architecture & planning that improves the lives of people & their communities. Our 45 team members share a passion for historic architecture, a respect for the classical tradition, and are enlivened by the opportunities inherent in each project. In return, we offer a culture of creativity, a collaborative design process & a spirit of mentorship aimed at developing our future leaders from within.

<mark>HKS Architects</mark> Dallas, TX

HKS is a team of more than 1,400 architects, interior designers, urban designers, scientists, artists, anthropologists and other professionals working together across industries and across the globe to create places that delight, heal and stimulate peak performance. We have nurtured a culture of extraordinary people with curious and creative minds who are passionate about delivering elegant solutions that solve our clients' challenges. Our research teams dig deep to discover processes and ideas that improve outcomes--then they share them freely for everyone's benefit. In all we do, we are mindful of the fragility of all life and of the planet. Employment types

LM Consultants, Inc.

Grayslake, IL

LM is an ARCHITECTURAL AND ENGINEERING Consulting firm specializing in evaluation of the condition of existing buildings and in construction monitoring of new commercial real estate construction projects throughout North America.

LRK Memphis, TN

LRK is a team of talented architectural, planning, and interior design professionals with a passion for applying their skills for the greater good. Whatever the project - from a highly-detailed custom home to an NBA stadium to the revitalization of an abandoned warehouse – our expertise is engaging people, nurturing community, and enhancing urban life. In addition to our commitment to our clients and our projects, LRK is committed to cultivating personal relationships within our office. We believe that our employees are our most valuable asset. From mentorship to end-of-the-week happy hour, holiday celebrations, and lunch outings, LRK understands the importance of connection outside of work.

<mark>M.C. Harry & Associates</mark> Miami, FL

Architecture firm specializing in public sector work with more than 60 years of practice.

Robert A.M. Stern Architects New York, NY

Robert A.M. Stern Architects, LLP, is a 260-person firm of architects, interior designers, and supporting staff. Over its fifty-year history, the firm has established an international reputation as a leading design firm with wide experience in residential, commercial, and institutional work. As the firm's practice has diversified, its geographical scope has widened to include projects in Europe, Asia, South America, and throughout the United States. The firm maintains an attention to detail and commitment to design quality which has earned international recognition, numerous awards and citations for design excellence, including National Honor Awards of the American Institute of Architects, and a lengthening list of repeat clients.

<mark>Shulman + Associates</mark> Miami, FL

Shulman + Associates is a small design-focused firm that provides architecture, urban design, interior design, graphic design and exhibit design services. At S+A we are committed to the creation of site-specific projects based on multidisciplinary research, exploration of ideas, and the fostering of strong relationships. We see the city, landscape, culture, and building program as laboratories for our contemporary practice. We synthesize the distinct circumstances of each project into designs that are relevant and transformative.

<mark>Smith Gee Studio</mark> Nashville, TN

From master planning to interior design, from public sector to private development, from ground up to adaptive reuse, Smith Gee Studio has broad project experience with one common thread – our passion for placemaking while focusing on our client's success. As people who design neighborhoods, buildings, streetscapes and spaces that help define the communities in our hometown of Nashville, TN or around the country, we understand the responsibility to be thoughtful and respectful. Our work environment is a key to our success. It's a collaborative, creative, trusting and fun atmosphere, where people are given plenty of opportunities to grow their skills and take on greater responsibility.

<mark>Stantec</mark> Edmonton, Canada

We're designers, engineers, scientists, and project managers, innovating together at the intersection of community, creativity, and client relationships. With our global network of opportunities and local focus, we have both the breadth and dedication to positively shape the communities around us, while bolstering the people in our community. We're in the business of advancing potential. We bring passion to growing the potential of each professional who joins our Stantec community, and to making our community diverse and inclusive.

Torti Gallas and Partners Silver Spring, MD

At Torti Gallas and Partners we design residential, commercial, and institutional buildings to be in context with their environment, to be functionally and aesthetically innovative, economically sensible, and a delight to the user. As master planners and urban designers, we create the neighborhoods that integrate architecture and the public realm, and we ensure that our buildings, neighborhoods and campuses contribute to the cities and towns of which they are a part, physically, socially, and economically. As a market-focused firm, our principals have specialized experience in refilling and revitalizing inner cities, densifying the suburbs and designing responsible greenfield communities.

<mark>Urban Design Associates</mark> Pittsburgh, PA

UDA is headquartered in Pittsburgh, PA, USA, a remarkable city that is a global model of urban innovation and regeneration. We are architects that concentrate on the revitalization and expansion of new cities worldwide. Our projects range in size from a building to an entire city.

<mark>Yellow House Architects, PLLC</mark> New York, NY

Yellow House Architects is a fellowship of design creatives with diverse voices, working collaboratively to realize your architectural vision.
